

# ICCPDEA - 2022

**BML Munjal University**

**September 6 - 8, 2022**

The International Conference on Computational Partial Differential Equations and Applications (ICCPDEA-2022) is an international conference being organized by the BML Munjal University Gurgaon. The ICCPDEA-2022 conference aims at bringing together leading researchers from academia, industry and laboratories world-wide working in the field of computational partial differential equations (PDEs) and applications. The overall goal of the conference is to promote research in mathematical and computational aspects of partial differential equations. The ICCPDEA-2022 will provide opportunities for networking and collaboration in the interdisciplinary field of partial differential equations, computational algorithms and applications.

The ICCPDEA-2022 will also honor Prof. A.K. Pani (IIT Bombay) and Prof. Carsten Carstensen (Humboldt Universitat, Berlin) on the occasion of their 65th and 60th birthday respectively. The conference will feature plenary and invited talks from eminent researchers, practitioners, senior mathematicians and scientists from India and abroad. A number of contributed talks and posters will also be presented by the young researchers in the conference

## Deadlines

- Registration Starts: **June 27, 2022**
- Abstract Submission Starts: **June 27, 2022**
- Last Date for Abstract Submission: **July 24, 2022**
- Acceptance Notification: **August 07, 2022**
- Last Date of Registration: **August 31, 2022**

## Registration Fee

- Faculty: Rs. 5000/-
- Industry Participants: Rs. 5000/-
- Post-doctoral Researchers: Rs. 3500/-
- Ph.D. Scholars: Rs. 2500/-

Visit the website to register or scan the QR code below.
